“More than satisfied. Thorough inspection. Repairs made at or under estimates. Staff accommodating needs, courteous, friendly..” Frank

“Excellent service and great group of people...Jessica is an awesome..face behind the counter!” John

Thank You

“It is by far the best auto repair shop in Sierra Vista. They value their customers and consistently met or exceeded my expectations.” Bob

Monthly Service Tip

"Why are prices increasing?"

"Why is everything so expensive?"

We know exactly how you feel as we are consumers too! Through today's ever changing environment, we are constantly looking for ways to help our clients during their repair and service process.

What we are doing to help you save money:

- 1. Inspecting your vehicle every time you come in for service to ensure we can help prevent any major repairs and keeping you up on all your regular maintenance.**
- 2. When parts are needed, we are price checking several companies from here to Tucson, to get you the best price on parts.**
- 3. We encourage folks to review extended warranty plans. The cost of skilled expert labor technicians is only going to go up, as well as the increase in parts costs. If you have any questions on how extended warranties work, please feel free to call us or go to our website for our video on "What to Expect When Using Extended Warranty Coverage."**

We always appreciate and value your business!
