*"I started repairing my car myself when it became quite clear that I should let you guys handle it."*

# Monthly Service Highlight

**Why should you get a pre-purchase inspection?**

**A professional used-car pre-purchase inspection verifies all components of the car are working, reveals obscure defects in its body, frame, and engine, and establishes its general condition. More than that, it increases your familiarity with the car and helps to build confidence in your purchase.**

**Ask us about how our Team can help you purchase that new-to-you car!**

# Thank you!

"My Cummins was towed here for extended warranty work on the engine. The shop foreman fully diagnosed the problem and found that problem to be an old recall that was not satisfied, eliminating any deductible and ensuring those responsible are accountable. All in all; this shop is looking out for the customer." Shawn

"Really appreciate their honesty and always keeping me updated as to their progress with my vehicle. Pricing is affordable and upfront, also like the fact that they take the time to explain the issue and any future issues they have seen. A very reliable auto shop in Sierra Vista." Milam G.

"Excellent service and great group of people. Cody and Jessica are an awesome pair of faces behind the counter!"  
John R.

## As always, thank you for your continued support.
