# Monthly Service Highlight

Why should you get a pre-purchase inspection? A professional used-car pre-purchase inspection verifies all components of the car are working, reveals obscure defects in its body, frame, and engine, and establishes its general condition. More than that, it increases your familiarity with the car and helps to build confidence in your purchase.

**Call today to schedule your  
Pre-Purchase Inspection!**

# Customer Savings

**Save on  
Ceramic Brake Pads  
and Rotors...**

# Thank you!

Linda, Sierra Vista AZ

I find the owners and staff trustworthy and ethical. My car is always ready when promised.

Carol, Bisbee AZ

Got my vehicle in right on time and completed the work in a timely matter. Friendly and helpful staff. Repair was very reasonably priced. Plan to return when vehicles need service.

Mike, Tombstone AZ

Danny and the crew at Arizona Auto are tops for reliable workmanship and customer service.

Mark, Elgin AZ

Not only can we trust that our truck is getting excellent, and current, service with Arizona Auto; each time we go, there is some thoughtful improvement to the waiting area. We couldn't be happier with them!

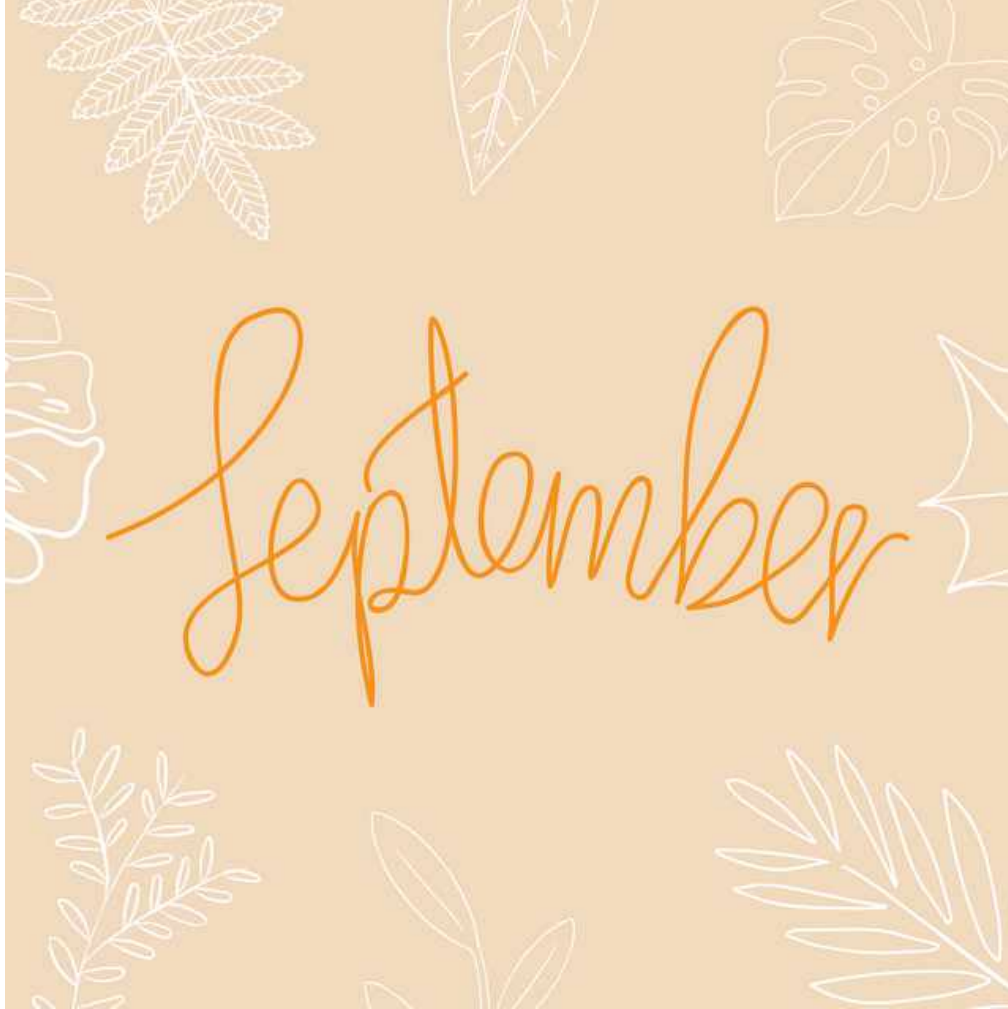

Whitney, Sierra Vista AZ

Just had my oil change and a much-needed window repair before monsoon season hits. I have an older vehicle and I like that Danny and AnnMarie take a holistic approach at caring for my car—they try to watch for possible issues and let me know what might be coming up. They are also mindful about determining the cause behind any needed repairs (if it is not something attributed to basic wear over time) so that we don't end up repairing the same issue over and over.

Doug, Benson AZ

Seventeen years later we still depend on our extended family at Arizona Auto to fix our problems.

# As always, thank you for your continued support.
